

SOLAR UNDER THE SUN
An Ecumenical Mission of the Synod of the Sun, PC(USA)

Learn how to create Off-Grid Solar Installations to support your International partners!

Thanks to a Better Together Grant, the Guatemala Partnership Team together with a number of Mission Presbytery Congregations are sponsoring a **Solar Under the Sun Training January 12-15 at John Knox Ranch.**

Come learn how to design, build and install an off grid solar system to provide power for a water treatment system, or a church building, or a home with your international partners.

Reserve your spot today!

This training will only cost \$100/person for room, board and training over 4 days thanks to the Better Together Fund Grant!!

Two modules will be taught:

Solar 1: Focusing on trip leadership, partnership development and site surveys

Solar 2: Focusing on system design, installation and equipping partners

Come learn with us so you can strengthen your international partnerships and bring light to the darkness!

Email Rob Mueller to reserve your spot:
revrwm@gmail.com

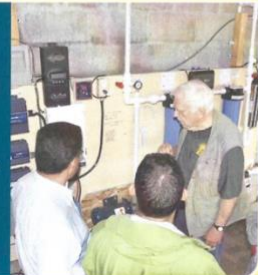

SOLAR SCHOOL

SOLAR 1

Leadership, partnership development, and site surveys

This course includes:

- Trip management and leadership
- Evaluating sites for solar projects
- Theology of doing mission in partnership
- Developing covenants
- Increasing cultural awareness

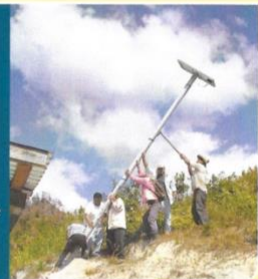

SOLAR 2

System installation and equipping partners

This course includes:

- Assessing electrical loads
- Designing and assembling off-grid solar energy systems
- Practicing safety and maintenance
- Training and equipping of in-country partners

Many of our graduates have returned to be certified in both tracks.
